

Please leave us alone and let me pay for the content I would like to hear. I find it quite disturbing that you use the superbowl incident to try and take away our freedoms which to this day we are supposedly fighting for. I choose to pay for the content I like to hear in part because with all of the mergers and acquisitions these days, 2 or 3 groups own 90% of the free stations available. The NAB needs to face the fact that someone came up with a better mousetrap. Our constitution was drafted to protect us from big government, yet everyday I find the government trying to get involved in yet another aspect of my life. Can you say capitalism? During the height of the Iraq war I constantly heard remarks regarding the arab broadcasters on how they only showed content derogatory to the the U.S., yet I find the FCC guilty of the same control over what we are allowed to see/hear. Please reject NAB's petition 04-160 so that I can hear what I choose to, even if it requires me to pay for it.
